RE: Shawn Kristofer

Congratulations Shawn on your proactive, professional and ethical approach afforded to me.

This testimonial is in support of character and professional approach demonstrated by Shawn Kristofer of Ray White Real Estate Group, Tingalpa, Queensland.

I have no hesitation in referring any associate, relative or friend of mine to Shawn for assistance. I trust that vendors appreciate the effort and time that Shawn

applies to his profession. I would expect that Shawn's efforts are acknowledged and respected by colleagues from within his profession as well as those external to his employer.

Please do not hesitate to contact me should you wish to discuss further.

Sincerely

I'd like to thank Shawn Kristofer for the extra effort and commitment put in towards the sale of my property earlier this year.

My property had previously been on the market by a few different real estates agents, which proved to be quite an unsuccessful exercise. Once meeting with Shawn and discussing my options I knew that it would be a fast and easy sale, to which it was.

Thanks again Shawn for taking the stress out of the sale and making it a success.

Regards

We found Shawn to be honest and dedicated in selling our property. After three attempts with other agents Shawn's professional approach worked and we finally got a successful sale. Thanks Shawn, we will definitely recommend you to any of our friends.
